

Village of Laurium Community Master Plan Survey

Introduction

Thank you for taking the time to provide public input regarding the update to the Village of Laurium Master Plan. A Master Plan is a long-range planning document that guides development patterns, regulations, and land use policies over the next decade. When critical issues are presented to Village decision-makers they consult the Master Plan to inform their decision. Therefore, this document has a profound impact on the future of the Village. Given the importance of the Master Plan, it is essential to get input from the community on the direction of the plan to ensure that when the Master Plan is completed it is a reflection of the values and wishes of the community. **The following survey about the Master Plan is estimated to take roughly 10 minutes.**

Please feel free to share the survey link with everyone in your household, as well as, other members of the community. Should you have trouble with the online survey, please contact Village Hall at (906) 337-1600 to request a hard copy.

Questions marked with an **asterisk (*)** are required and the survey will not advance until you have completed the required questions.

Once the survey is closed to the public, results will be available online through the Village master plan website.

Village of Laurium Community Master Plan Survey

Opinions

* 1. What **one** **POSITIVE** word would you like to use to describe the Village of Laurium?

* 2. In your opinion what is the biggest **CHALLENGE** facing the Village of Laurium.

Village of Laurium Community Master Plan Survey
